YOUR RELIABLE PARTNER IN ALL MEDIA AND ON ALL PLATFORMS

DEAR MEDIA PLANNER,

It gives us great pleasure to present you with the latest and again very positive media data of Falstaff for the year 2023! Falstaff has again grown impressively in the past year and continues to present itself as the most relevant wine, gourmet and travel magazine in the German-speaking world. No other media channel in the indulgence and lifestyle sector can be as pleased as we are about comparable growth and similar stability in readership. This means that Falstaff will remain the most successful and reliable advertising partner in the upcoming year when it comes to addressing your target groups with pinpoint accuracy – of course, thanks to our once again expanded cross-media offering.

- Falstaff is proud of more than 2 million readers and users in the entire D-A-CH region.
- With 142,000 printed copies, the Falstaff Magazine is the most important information medium for every gourmet in the German-speaking region.
- The reach among the high-income readership is at 4.5 %.*
- Overall, 68 % of Falstaff readers come from the high to very high income bracket.*
- Falstaff is the only German wine and gourmet magazine with rising and IVW-tested performance data – for both print and online.
- 10,482,153 page impressions, 210,000 newsletter subscribers, more than 208,000 Facebook subscribers and well over 114,000 Instagram followers make Falstaff the most interactive gourmet medium in the entire D-A-CH region, and one of the most successful social media channels in Austria.**

There is, of course, a good reason for these excellent figures: Falstaff regularly inspires its readership with first-class journalistic quality and a sophisticated, high-quality design. All of this combined makes the Falstaff Magazine much more than a periodical – it is a lavishly designed, highly informative piece of journalism that always has its finger on the pulse of what's going on, with the high-quality feel of a coffee table book. And our readers know how to appreciate this effort:

- For most, Falstaff is not a disposable product but a collector's item – 61 % keep it and like to use it as an informative reference work.
- The premium target group spends almost three hours on average reading our magazine – so your message not only registers many times, but also remains permanently present.
- Our readership also consists of many opinion leaders in the highest income bracket, whom you can reach almost exclusively with Falstaff.

We look forward to working with you to achieve further success in 2023. Discover the diverse world of Falstaff and let's start a successful and profitable partnership together.

We look forward to having you on board!

NATIVE ADVERTISING

FEATURED SOCIAL STORY

It's all in the mix. A featured story combines promotional content with an editorial look and thus finds the perfect balance between information and product placement. The feature is created in consultation with the client and presented in the form of listicles or entertaining factoids. In addition to the publication on falstaff.com, the featured story is published via a Facebook post in the timeline and promoted with the corresponding campaign budget to support the performance of the article.*

Facebook: Customer tagging, external linking and hashtags

ADVERTISING FORMAT	AT	DE	CH
Featured Social Story	€ 7,400	€ 7,400	CHF 6,900

* Information regarding community management
Falstaff monitors the comments on the postings, but it is pointed out that in case of specific questions about products/services of the customer, the Falstaff team cannot provide information. In such cases, it is recommended that the customer also reads the comments of their postings on Falstaff's channels and answers specific questions directly. We are happy to inform when the postings are put online, so that tracking of the content from the customer side can be ensured.

SOCIAL MEDIA EXTENSION

In addition to the classic featured story a customisable social media extension strengthens target group awareness. In this format, a Falstaff-sponsored post directs traffic directly to the external customer website or webshop. A/B testing of the various posting variants as well as performance monitoring in real time is ensured by the Falstaff team.*

Social postings support time-limited campaigns and ensure recognition and variety for the target group.*
